

## Pupil Digital Rights

**We believe that rules and sanctions do not help us become safe users of technology. We agree to abide by our Digital Rights Charter to ensure we have a positive and safe online lifestyle.**

- I have the right to enjoy the internet and all the informative, fun and safe things it has to offer within school boundaries and rules.
- I have a right to keep information about myself private. I only have to tell people what I really want them to know in conversation and profiles.
- I have a right to explore the internet but I know that I cannot trust everything that I see or read on the internet and will be discerning in how I use this information.
- I have a right to know who I am talking to on the internet; I don't have to talk to someone if I don't want to.
- I will remember not everyone is who they say they are on the internet. I have a right to tell someone I trust if I think anyone is suspicious.
- I have the right to **not** be videoed or photographed by anyone using cameras, web cams or mobile phones without my permission and for those to not be shared without my permission.
- I have a right **not** to be bullied or intimidated by others through technology (including my phone and social media accounts) and I have the right to report this if this happens.
- I have the right to not be judged by others when I report something that makes me feel uncomfortable or violates my privacy.
- If I accidentally see something I shouldn't, I have the right to tell someone and not to feel guilty or judged about it.
- We are **all** responsible for treating everyone on line with respect. You should not use behaviour or language that would be offensive or upsetting to somebody else.

*I have read and understand these rights and agree to follow them when using technology in my education.*
